## LUXOTTICA, LIMITED WARRANTY

This Warranty is provided by Luxottica Group S.p.A., Piazzale Cadorna 3, 20123 Milano, Italy. This Warranty covers defects and malfunctions in the new Luxottica product(s) it accompanies (the "Product"). The Warranty continues for one (1) year from the date of purchase of the Product (the "Limited Warranty Period"). However, if you purchase the Product from within the EU or EFTA, the Limited Warranty Period shall be two (2) years. FOR THE US ONLY, ANY IMPLIED WARRANTIES THAT CANNOT BE DISCLAIMED ARE EXPRESSLY LIMITED TO THE DURATION OF THE LIMITED WARRANTY PERIOD AS SET OUT IN THIS LIMITED CONSUMER WARRANTY (THE "WARRANTY"). Some countries, states, provinces, and territories (including the EU, EFTA and UK) do not allow the exclusion or limitation of incidental or consequential damages, the exclusion or limitation of certain damages or types of loss or allow limitations on how long an implied warranty or condition may last, so the limitations or exclusions described in this Warranty may not apply to you.

### **For products purchased in California:**

**This hearing aid is warranted to be specifically fit for the particular needs of you, the buyer. If the hearing aid is not initially fit for your particular needs, it may be returned to the seller within 45 days of the initial date of delivery to you. If you return the hearing aid, the seller will either adjust or replace the hearing aid or promptly refund the total amount paid. This warranty does not affect the protections and remedies you have under other laws.**

We warrant that the Product will, under normal and intended use, function in accordance with the technical specifications or accompanying product documentation (the "Warranted Functionality") during the Limited Warranty Period.

For the avoidance of doubt, any software or services that are required to achieve the Warranted Functionality may be updated, modified, or limited, so long as it continues to maintain (or exceed) the Warranted Functionality. This Warranty is not available to products that were purchased from any source other than Luxottica or an authorized dealer. This Warranty is valid only with proof of purchase that clearly shows the purchase date. If you send us a Product without valid proof of purchase, then we reserve the right to return the Product to you at your cost, subject to prepayment, or, if such costs are not prepaid, we will keep the Product for thirty (30) days for your pick-up. If your Product is defective or malfunctioning, we will either repair or replace that Product, or update software or services, so that the Product performs substantially in accordance with the Warranted Functionality. In some cases, we may instead refund the purchase price paid for the Product. Your remedy under this Warranty will be the repair, replacement or refund of the Product unless it is impossible or disproportionate for us to do so. This Warranty gives you specific legal rights, and you may also have other rights under consumer protection laws or regulations in the jurisdiction of purchase or, if different, in your country of residence. Such rights vary from state to state and country to country. The benefits conferred by this Warranty are in addition to and do not affect any rights and remedies conveyed by such consumer protection laws and regulations (including, without limitation, national laws implementing Directive 1999/44/EC and Directive 2019/771). You are entitled to remedies free of charge in the event that your goods do not conform with the requirements set out under the laws in your jurisdiction. The other remedies available to you according to the laws in your jurisdiction are not affected by this Warranty. For full information on your rights according to the laws in your jurisdiction,

please see below and/or contact your local consumer rights organization/citizens advice bureau.

This Warranty applies only to those countries to which Luxottica ships and supports. Please visit us at [www.nuanceaudio.com](http://www.nuanceaudio.com) for information about the countries Luxottica supports and to get helpful service and contact information. The scope of technical support offered by Luxottica consists of helping to diagnose and resolve problems with defects in the Product. Please note that when contacting Luxottica via telephone, long distance charges may apply, depending on your calling area.

For French consumers. This Warranty applies without prejudice to the legal warranty of conformity and the warranty against hidden defects.

The consumer has a period of two (2) years from the date of delivery of the goods to obtain the implementation of the legal warranty in the event of any lack of conformity. During this period, the consumer is only required to establish the existence of the lack of conformity and not the date on which it became apparent. Where the contract for the sale of goods provides for the supply of digital content or a digital service on a continuous basis for a period of time of over two (2) years, the legal warranty shall apply to that digital content or digital service throughout this period. During this period, the consumer is only required to establish the existence of the lack of conformity affecting the digital content or service and not the date on which it became apparent. The legal warranty entails an obligation on the seller's part, where applicable, to provide any updates necessary to maintain the goods in conformity. The legal warranty shall give the consumer the right to repair or replace the goods within thirty (30) days of his or her request, free of charge and without any major inconvenience to him or her. If the goods are repaired under the

legal warranty, the consumer shall benefit from a six (6) -month extension of the initial warranty. If the consumer asks for the good to be repaired, but the seller requires it to be replaced, the legal warranty of conformity shall be renewed for a period of two (2) years from the date on which the good is replaced. The consumer may obtain a reduction in the price of the goods while keeping the goods or a full refund by terminating the contract and in exchange of the goods, if: 1° The professional refuses to repair or replace the goods; 2° The goods are repaired or replaced after a downtime period of thirty days; 3° The repair or replacement of the goods causes major inconvenience to the consumer, in particular where the consumer definitively bears the cost of taking back or removing the non conforming goods, or if he or she bears the cost of installing the repaired or replaced goods; 4° The lack of conformity of the goods persists after the seller's unsuccessful attempt to bring them into conformity. The consumer is also entitled to a reduction in the price of the goods or to termination of the contract where the lack of conformity is so

significant that it justifies the reduction in price or termination of the contract being immediate. The consumer is then not required to request repair or replacement of the goods beforehand. The consumer shall not be entitled to terminate the sale if the lack of conformity is minor. Any period of immobilization of the goods for the purpose of repair or replacement shall suspend the warranty that was running until the goods are delivered in good condition. The rights mentioned above result from the application of Articles L. 217-1 to L. 217-32 of the French Consumer Code. The professional who hinders the implementation of the legal warranty of conformity in bad faith shall be liable to a civil fine of up to 300,000 euros, which may be increased by 10% of the average annual turnover (Article L. 241-5 of the French Consumer Code). The consumer also benefits from the legal warranty for hidden defects under Articles 1641 to 1649 of the French Civil Code, for a period of two (2) years from the discovery of the defect. This warranty entitles the consumer to a reduction in price if the goods are kept or to a full refund in return for the return of the goods.

The limitation of liability clause will not apply to French consumers in case of breach of any of its obligation by Luxottica.

**For Italian consumers** This Warranty is a conventional warranty offered by Luxottica Group S.p.A. according to Article 135-quinquies of the Legislative Decree of 6 September 2005, no. 206 ("Consumer Code"). Regardless of the Warranty offered by Luxottica Group S.p.A., the consumer has the statutory rights set forth by Article 128-135-septies of the Consumer Code for two (2) years as from delivery of the Product. Therefore, this Warranty does not affect consumers' statutory rights concerning the legal warranty of conformity. For additional information about your statutory rights under Article 128-135-septies of the Consumer Code, please visit [www.nuanceaudio.com](http://www.nuanceaudio.com)

#### **REGISTRATION**

Product registration is not required as a condition to coverage under this Warranty, but some Luxottica products require periodic connection to an online account to ensure full functionality.

#### **HOW TO MAKE A WARRANTY CLAIM**

If you have a problem with your Product, please visit us at [www.nuanceaudio.com](http://www.nuanceaudio.com) to get helpful service and

contact information, and to obtain warranty service. Unless specifically stated elsewhere in this Warranty and except as provided by applicable state law, to make a warranty claim, you need to return your Product to Luxottica or to the authorized dealer from which the product was purchased, together with your proof of purchase. If your warranty claim is deemed to be valid, and we find a defect or malfunction covered by this Warranty, we will replace or repair the Product so it provides the functionality warranted. Subject to your rights under any local laws, if we determine that a Product should be replaced, the replacement may be a new, refurbished, or a re-manufactured Product. The Limited Warranty Period is extended by a duration equal to the time during which we had the Product in our possession for performance of the Warranty, as described above. Save for your rights and remedies available under your local laws, the provision of a repaired or replacement product does not restart or otherwise extend the Limited Warranty Period. Should it be found that none of the listed means are reasonable to correct a defect or malfunction, then we may refund to you the price you paid to purchase the Product. We may not return the original Product to you. If your warranty claim

is not deemed to be valid, then we reserve the right to return the Product to you at your cost, subject to prepayment, or, if such costs are not prepaid, we will keep the Product for thirty (30) days for your pick-up before it is disposed of. Except to the extent that the law requires otherwise, any expenses incurred by you in returning the Product for warranty assessment will be borne by Luxottica using a pre-paid returns label which will be provided to you to enable you to return your Product for warranty assessment free of charge, or other methods listed at [www.nuanceaudio.com](http://www.nuanceaudio.com). If the returned Product is deemed (at Luxottica's discretion) to be eligible for a valid warranty claim, then Luxottica will automatically incur the costs of any further freight charges required to return the repaired or replacement product to you. If the warranty claim is deemed to be invalid and we do not find a defect or malfunction covered by this Warranty, we will contact you to see if you want us to conduct repairs at your cost and, in any event, you will be charged for the outbound freight to return your Product based on Luxottica's standard shipping rates.
